L/K FURNITURE

We have been committing ourselves to medium-high-end office furniture since the year 1999 that LK FURNITURE has been founded.

LK has its own production base in Foshan, China + R&D department consisting of several experienced designers. They are responsible for developing new products, tightly following the latest furniture trend.

And we know that one size does not fit all, so we offer you the opportunity to customize most items to suit your needs. It means that we could help you even you are after something only existing in your mind.

In order to control our quality, QC Inspectors and Technical Experts are assigned to strictly control the whole production procedures and the raw material selection and purchase. Durable material quality, precise engineering and lean manufacturing practices allow us to offer products with long lifespan.
